TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newton, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said Town, on the second Tuesday of March next, at six o'clock in the forenoon to act upon the following subjects:

1. To bring in your votes for Town Clerk, one Selectman for three years, Town Treasurer, Tax Collector, Auditor, Road Surveyor, Trustee of Trust Funds for three years, Constable, Cemetery Trustee for three years, Sealer of Weights and Measures, Measurers of Wood and Bark, and Surveyors of Lumber, Health Officers, Fence Viewers and all other necessary Town Officers and Agents for the ensuing year.

The following articles will be acted upon at seven-thirty o'clock in the evening of the same date:

2. To raise such sums of money as may be necessary for paying Town debts and defraying the interest thereon, for the support and maintenance of the Public Library, and for other necessary charges arising in said Town.

3. To hear the reports of Town Clerk, Town Treasurer and Board of Selectmen to the Town Auditors, the reports of the Auditors, Agents, Committees, or the officers heretofore chosen or appropriated and to pass any vote relating thereto.

4. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

5. To see if the town will vote to raise and

appropriate \$351.50 (in addition to \$703.00 required by law) for State Aid Construction, in order to secure State Aid of \$1,054.50.

6. To see if the Town will vote to raise and appropriate \$3,000.00 for Trunk Line Maintenance (the State will furnish a like sum).

7. To see if the Town will vote to raise and appropriate \$1,500.00 for State Aid Maintenance (the State will furnish a like sum).

8. To see if the Town will vote to transfer from surplus snow money the amount of \$1,985.86 to relieve deficit on Trunk Line Maintenance account of 1928.

9. Upon petition of 7 voters:

To see if the Town will vote to raise \$17,000.00 for repair and rebuilding Town Roads under the supervision and judgment of the Selectmen.

The above amount to be raised by notes viz:- \$2,000.00 in 1929, \$3,000.00 in 1930-31-32-33-34.

10. Upon petition of 7 voters:

To see if the Town will vote to raise and appropriate (\$1,000.00) one thousand dollars to be spent on the road leading from the State Highway at Davies Corner towards Newton Junction.

11. Upon petition of 28 voters:

To see if the Town will vote to raise and appropriate \$1,000.00 for repairing the road leading from Nichols Corner through Whittier Street and continuing to County Pond bridge.

12. Upon petition of 25 voters:

To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for repairing Merrimac Road so-called, extending from Sargent's Corner to the State line.

13. Upon petition of 10 voters:

To see if the Town will vote to install five street

REPORT OF HEALTH OFFICER

For Year Ending December 31, 1928

There have been reported during the year the following:

Chicken Pox	22
Measles	2
Mumps	16
Scarlet Fever	4
<hr/>	
Total	44
Permits of all kinds granted	5
Nuisances investigated	2

As in previous years there have come to my knowledge several cases of contagious diseases which were not reported by physician or by members of the affected families as required by State Law. Upon investigation I find there is misunderstanding and lack of proper knowledge of the laws governing such reports so I append same.

Public Statutes State of New Hampshire, Chap. 133

Sec. 7. Any physician or other person called upon to treat small-pox, or any other disease required by the State Board of Health to be reported, shall report the same immediately to the local Board of Health of the town in which the disease is found, or to the State Board, as may be directed by the latter, together with the name, age and sex of the patient, the head of the family, and the house or place where the said infected person may be found.

Sec. 9. Whenever any persons knows, or has reason to believe, that any member of his family or

household has any disease required to be reported he shall, if no physician, or other person required to make report under section 7, is in attendance, immediately notify the Board of Health of the town or city in which he resides.

Sec. 15. Any person who knowingly violates any of the foregoing provisions of this chapter, or any regulation established by authority of this chapter, when no other penalty is provided, shall be fined ten dollars.

The diseases required to be reported are: Infantile Paralysis, Cerebro-Spinal Menigitis, Chicken Pox, Diphtheria, German Measles, Influenza, Measles, Mumps, Pneumonia, Scarlet Fever, Septic Sore Throat, Small Pox, Syphillis, Tuberculosis all forms, Typhoid Fever, Whooping Cough, Dog Bite.

There have been attempts made to have the schools closed because of a few scattered cases of scarlet fever. This I have refused to do under advice of the State Board, as they consider a child safer at school under the constant observation of teachers and nurse than they would be playing about indiscriminately with others under no observation. The truth of this has been apparent in this town in the last few weeks.

I have investigated all complaints and have placed one temporary quarantine when there seemed a doubt, which, however proved unnecessary except to allay apprehension of some parents.

Respectfully submitted,

HENRY L. BURBECK,
Health Officer.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newton:-

I have the honor to submit herewith my second annual report, together with the report of the School Nurse.

There were 186 different pupils enrolled in the schools last year. This is about 40 more than the number of year before last. The attendance averaged 92.8 per cent of the membership, which is a little below the average for the state for this period. 8 pupils completed the work of the eighth grade and 5 of these entered High School.

The old aim of education was the accumulation of facts. The aim accepted at the present time is the unfolding and development of character. While the fundamentals are not neglected, more attention is given to training in health, courtesy, fair play and a rational and sympathetic attitude toward work. These attributes come into play in the daily life of each person and are necessary to happiness and prosperity. The test of a person now is not how much knowledge he has, but how strong a character he has. The aim of our teachers has been to arouse and stimulate these qualities possessed by every normal boy and girl. This is being done not at the expense of the curriculum but supplementary to it.

The education of children is a partnership in which both the home and the school must be active. Parents are invited to visit the schools and talk with the teachers concerning the work of their children.

Parents must see that their children are punctual and regular in attendance. They should examine report cards carefully in order to note the progress of their children and in cases where unsatisfactory conditions are reported should get in touch with the teacher for further information.

A larger number are attending High School each year. This makes necessary more money for High School Tuition. This increased attendance is not confined to any one place, but is general over the state and nation, and has extended over the past ten years. There are several reasons for this change. Employment conditions together with an unwillingness on the part of employers to use the younger workers plays a part; the greatly increased prosperity of the American public together with the faith of the public in the efficiency of education has also played a part. And finally and no less important, the changed attitude of education itself toward educational method has also played a part.

The report of the School Nurse is worthy of careful reading and will give some idea of the fine work being done.

The chemical toilets at the Village School have proven very satisfactory. I hope it may be possible to equip another school this next summer. The new lights have been a great help and have been greatly appreciated. A first-aid equipment has been furnished each school by the Red Cross Chapter. We wish to express to Granite State Grange our appreciation for swings given to Junction school.

The present arrangement of schools is working well and in my opinion should continue until settled conditions make it possible to determine a better plan.

There is a very fine spirit of co-operation evident among our teachers, and a willingness to work

hard for the welfare of the children. Fine school progress is sure to result from such work. The children are learning lessons in social and civic relationships and responsibilities no less than in school subjects. Education is not merely an acquisition of facts from books, but is fundamentally the development of those attitudes, habits and ideals which make for good character.

Assuring you of my appreciation of the many courtesies you have extended and the worthy service you have rendered the schools, I am

Respectfully yours,

WILLIAM J. NELSON,
Superintendent of Schools.
